

PROGRAM

SUMMER INDUSTRIAL SCHOOL

at the S. Utebayev Atyrau University of Oil and Gas
with the support of the University's Industrial Committee

The program is designed for students studying at universities in other regions of the country and neighboring countries in the following fields: Geology, Oil and Gas Engineering, Industrial Automation, Mechanical Engineering

Date: June 28 – July 6 2026

As part of the Program, participants will be provided with **professional courses, training, internships, and practical training** at the university's training grounds, partner companies, and members of the Industrial Committee. Upon completion of the program, AOGU will present a certificate of completion of the Summer School and a transcript indicating the number of credits earned, as well as a signed internship diary.

Make your summer internship interesting and fulfilling with AOGU!

Venue: Atyrau, Atyrau Oil and Gas University named after. S. Utebayev (AOGU) st. Musa Baimukhanov 45a

The first meeting will take place on June 29, 2026, at 10:00 a.m., at the N. U. Balgymbaev Communications Development Center, 1st floor, conference room.

Place of residence: Atyrau University of Oil and Gas named after S. Utebaev, Dormitory, Building No. 4
